HIGH SECURITY SEAL

MAXI CABLE LOCK ZINC 500 (MCLZ 500)

Pull-Tight Barrier Seal

Bright colours for defined identification.

Maxi Cable Lock Zinc 500 is high-security cable seal that complies to ISO 17712 and CTPAT with a special entry point designed to prevent tampering attacks. It is strong and durable to secure high-value assets. Biodegradable option for the plastic material is available.

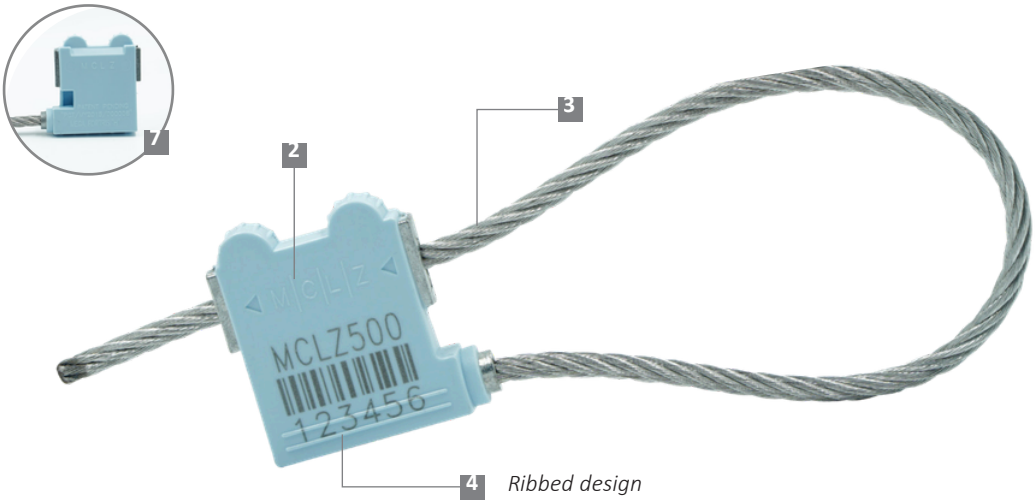

Applications:

- Containers
- Trucks
- Trailers
- Rail Cars

BIODEGRADABLE Plastic Seals

PREVENTION . PROTECTION . PEACE OF MIND

MEGA FORTRIS GROUP

Ribbed design

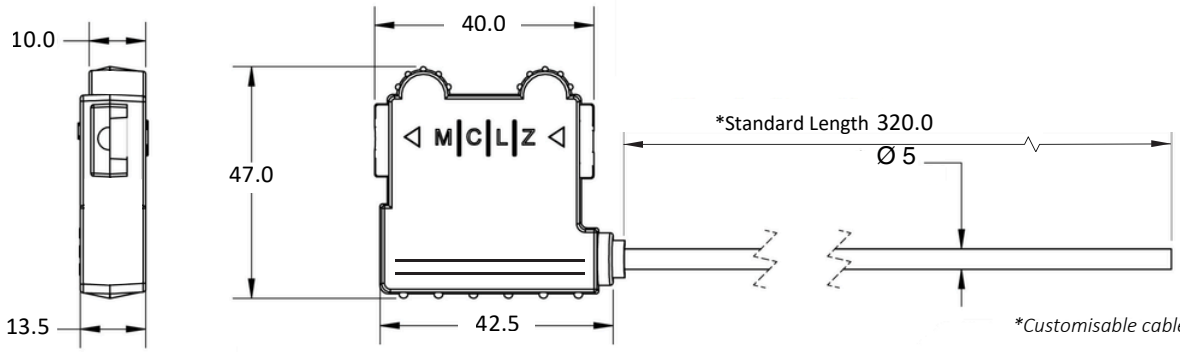

LASER MARKING OPTION

VIEW APPLICATION GIF

1. Unique to the security seal industry, this 3rd generation high-security cable seal features a lock body design that is non-linear and provides evidence of tampering.
2. High-impact PP plastic with vibrant pastel colour is moulded over the zinc lock cover to enable distinct colour coding and laser marking of identifiers such as name, logo, barcode, serial number and QR code.
3. The non-performed galvanised steel wire unravels upon cutting to show clear evidence of tampering.
4. Ribbed design on the body prevents tampering on the identifier.
5. Biodegradable additives for plastic material are available.
6. Plastic material can withstand extreme weather conditions, -20°C to 80°C.
7. The seal is designed, tested and certified ISO 17712:2013.

**Customisable cable length upon request.*

TECHNICAL SPECIFICATIONS

PRODUCT- MAXI CABLE LOCK ZINC 500 (MCLZ 500)
