SECURITY SEAL

MINI CABLE LOCK PREMIUM 180 (MCLP 180) & MINI CABLE LOCK PREMIUM 180 2K (MCLP 180 2K)

Pull-Tight Barrier Seal

All-inclusive premium seal for security requirements.

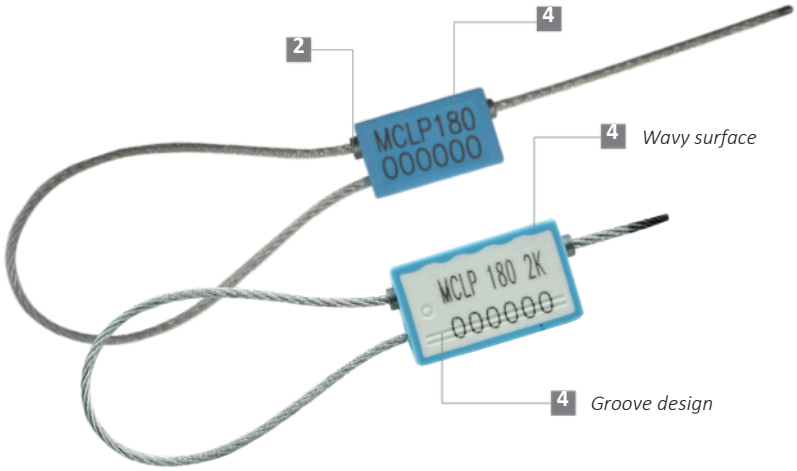

Mini Cable Lock Premium 180 is delicately designed with various tamper-evident features. Its advanced version, the Mini Cable Lock Premium 180 2K, is moulded with Mega Fortris' patented two-colour body for improved visibility and to deter tampering attacks. This is the best choice for both identification and security purposes.

Applications:

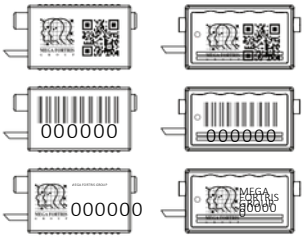

- Valve Sealing
- Retail Applications
- Logistics
- Banking

BIODEGRADABLE Plastic Seals

PREVENTION . PROTECTION . PEACE OF MIND

LASER MARKING OPTION

CABLE SEAL

1. The Mini Cable Lock Premium 180 and Mini Cable Lock Premium 180 2K are moulded in PP material with non-preformed galvanised steel wire to show clear evidence of tampering.
2. One-way locking mechanism is embedded for fast and easy application. The additional tips at both ends provide greater protection. Mini Cable Lock Premium 2K has a grooved design and features an irregular pattern on the body to prevent tampering and give clear evidence of tampering on the identifier.
3. Default rigid body allows for durable usage of the seal while the additional colour on the 2K body improves definition of laser markings, visibility, and identification.
4. Irreversible identifiers such as name, logo, barcode, serial number and QR code are laser-marked on the body.
5. Biodegradable additives for plastic material are available.
6. Plastic material can withstand extreme weather conditions of -20°C to 80°C.
